ABSTRACT:

Please follow the template given as attached file. Body text 300 words maximum
Do not forget to choose your session.

ORAL COMMUNICATION:

Congress language is English.

Two types of oral presentations are possible: **normal oral communication** (12 min + 3 min for questions) or **double slot communication** (25 min + 5 min questions).

The second type of communication is only possible for young postdoctoral scientists. RBZS attends to put the focus on some promising postdocs, giving them the opportunity to develop their research results in a longer format than usual.

POSTER:

A0 format only, Portrait only. A poster session will be organized on the evening of December 14th with beers and other stuff before the conference dinner. Poster will be visible during the whole congress.
